

Market Data Terms and Conditions

You understand that each participating national securities exchange, association, or any supplier of market data, including Dow Jones ("Market Data Suppliers"), asserts a proprietary interest in all of the market data it furnishes to parties that disseminate said data. You agree and acknowledge that: (i) you have no rights to the trade names, trademarks and service marks owned exclusively by the Market Data Suppliers; and (ii) the divisors, formulas and methods used to compute any market data, are the exclusive property of the Market Data Suppliers, and are protected by copyright.

You agree that you will neither: (i) copy, download, store, reproduce or further transmit or distribute the market data for commercial purposes in any type of format or by any means, including but not limited to the Internet, Intranet or other type of network; (ii) redistribute or otherwise commercially exploit the market data except as otherwise expressly provided herein; nor (iii) use the market data as the basis of financial instruments or investment products (e.g. passively-managed funds) without a separate written agreement with the Market Data Suppliers for such purpose.

You understand that neither UNX nor any Market Data Supplier warrants or guarantees: (i) the timeliness, sequence, accuracy, completeness, reliability or content of market data, or messages disseminated to or by any party; (ii) that the service will be uninterrupted or error-free.

You agree that your use of the market data or any UNX service is at your sole risk, and that such market data is provided on an "as is", "as available" basis without warranties of any kind, either express or implied, including, without limitation, those of merchantability and fitness for a particular purpose, other than those warranties which are implied by and incapable of exclusion, restriction or modification under the laws applicable to this Agreement.

Neither UNX nor any Market Data Supplier shall be liable, and you agree to indemnify and hold harmless UNX and such Market Data Supplier, for any inaccuracy, error or delay in, or omission of, (i) any data, information or message, or (ii) the transmission or delivery of any data, information or message.

Neither UNX nor any Market Data Supplier shall be liable to you for loss of business revenues, lost profits or any punitive, indirect, consequential, special or similar damages whatsoever, whether in contract, tort or otherwise, even if advised of the possibility of such damages arising from: (i) any inaccuracy or incompleteness in, or delays, interruptions, errors or omissions in the delivery of the market data or any other information supplied to you by the Market Data Suppliers; or (ii) any decision made or action taken by you in reliance upon the market data.
